

If you have a blog, you already have a great platform  
to advocate for 410 Bridge Sponsorship!

Sharing your sponsorship story can take many forms.

You could make a video, share excerpts from some of your favorite letters, or share a story about meeting your sponsored child.

We recommend that you include a call to action encouraging readers to become sponsors themselves, and a link to sponsor a student at [410bridge.org/sponsorship](https://410bridge.org/sponsorship).

After you write your blog post, let us know by sending us the link at [stories@410bridge.org](mailto:stories@410bridge.org), and we may repost it on our blog, as well!
